Story of Hope

Annual Report Totals

Celebrating 50 Years of Serving God's People

THE COMMITTEE ON Church Cooperation (CCC)

Annual Report 2024

Friend of the CCC,

As we come upon another year's end, we reflect on the challenges and triumphs our community has faced together. The persistent struggle with inflation, coupled with increased levels of hunger and poverty, has made this year particularly difficult for many families. In Alabama, 1 in 6 people and 1 in 4 children face food insecurity. Despite the many hardships, the strength and resilience of our community has shown brightly.

Your unwavering support has been a beacon of hope. Even in adversity, you have shown that when we work together, we make a difference. Your contributions have enabled us to provide essential services and support to those most need it on a larger scale than ever before in our 50-year history. That is the power of community.

As you glance through this annual report, know that this impact is yours as much as it is ours. When we work together to fight for what matters, everyone wins. Thank you to the businesses that have helped to reduce food waste by providing us with unsold foods, the churches that have collected supplies for our ministries, and to you- our neighbors- for volunteering, donating, and loving us and our clients so well. Each prayer and word of encouragement strengthens our mission and helps us to extend our reach.

As we look to the coming year, we are reminded that challenges may continue, but so too will our commitment to serving the community. With your continued support, we can navigate these uncertain times and bring relief to those in need.

Thank you for standing with us, believing in our mission, and being an integral part of this community effort. We are deeply grateful for your kindness and generosity.

Wishing you all peace and joy in the coming year.

4500+ TOYS GIFTED

44,305 CLOTHING ITEMS

17,520 DIAPERS DISTRIBUTED

A Story of Hope...

John came to the CCC at a time when his life felt like it had no direction. Working long hours at a factory, he had been living out of his car in the parking lot, struggling to get by. When he walked through our doors, he found more than just assistance—he found hope. We provided him with clean clothes for work, nourishing meals, and basic necessities that helped him preserve his dignity. With the steady support of our team, John was able to focus on his job without the constant weight of survival hanging over him. Over time, he slowly began to rebuild his life, saving up for a place of his own. Today, John is not only employed, but he's also a mentor to others who are walking the same tough road he once did. With the right support and a lot of hard work, it's always possible to start over.

2024 AT A GLANCE *valued above
