

BUILDING HOPE STRENGTHING OUR COMMUNITY

CCC

Mission Statement

To build cooperative efforts among the churches of Morgan County and provide emergency and short-term assistance to persons in need in the name of our Lord, Jesus Christ.

Growing to Meet the Need

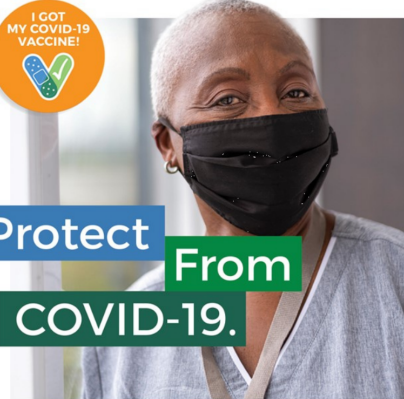

Even before COVID-19, the Committee on Church Cooperation was looking at how to best meet the growing need for food, shelter, and basic needs in Morgan County. With this in mind, the CCC has altered and added to our existing ministries in some exciting ways!

One of the most important ways we have altered our services is by increasing the amount of food each family could receive during the summer. By changing our food distribution to a monthly basis, we have provided hundreds more meals this summer than we normally would. This helped to ensure that no child went hungry, and we are enormously proud of our volunteers for helping us make this so successful!

We have also partnered with Payless Pharmacy to host a pop-up vaccine clinic! We will open our doors to the public on July 20th to offer free first and second doses of the COVID-19 vaccine. The clinic will be from 8:30 until 12, and a follow-up clinic will be hosted on August 10th.

Protect From COVID-19.

Additionally, we are now filling food orders on Wednesdays, at the same time as our Clothing Closet. This is only possible because of our volunteers, who have been gracious enough to take over in Clothing Closet. Every non-profit says their volunteers are the best, but ours really are!

Finally, we have a new program! The Rotary Club of Decatur has graciously granted us funds to start a Diaper Pantry. More information on that will come as we figure out the details. As you can see, there is a lot going on at the CCC. As always, we could

not do this without the ever-present generosity of our community and church partners. Thank you!
